

Certificate of employment

Mr. Heyko Wedekind, born on 20.02.1977, was working for our company as a project and site manager in the time from 26.07.2013 to 30.04.2015 and as an independent consultant for a challenging hangar project in 2016/2017. During this time, Mr. Wedekind was entrusted with the planning and acquisition of new projects and the operative handling of existing orders at the Camp Marmal, Mazar-e-Sharif, AFG. His tasks included, the independent personnel planning, scheduling and management of up to 25 employees, monitoring of the work carried out, contact person for our customers on site, selection and supervision of suppliers and subcontractors to perform necessary external work, as well as cost planning, cash management and billing control of completed projects.

Furthermore, one of his tasks was to establish new contacts with potential customers and suppliers and their administration.

Mr. Wedekind quickly integrated himself into the existing team of employees, which consisted of multi-national employees from Germany, the Philippines, Kenya, Australia and the USA, without any problems and he soon became a respected and appreciated colleague.

Mr. Wedekind was able to communicate easily with our international team of employees and customers. To emphasize are his very conscientious way of working and absolute loyalty to our company. At any time, Mr. Wedekind tackles new and sometimes very complex challenges and knows how to find meaningful solutions and to initiate and monitor results-oriented processes. We are extremely grateful for his support and commitment. Carrying out such work, especially in a crisis area and under sometimes extreme conditions, is not commonplace and self-evident.

Particularly noteworthy projects include the operation of water treatment plants at Camp Marmal, the operation of a mobile bottling facility, the construction and dismantling of helicopter hangars, the construction of a mobile water treatment plant at Mazar-e-Sharif Airport, project management for pipe and sewer construction in Camp Marmal.

We have always been very satisfied with his achievements, and we wish him all the best for his future career
