Celle, 15.03.2016

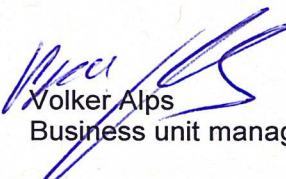

### Letter of reference

We became acquainted with Mr. Wedekind, as a partner of the company Field Camp Services (FCS), for installation and operation of the water treatment plant of the civile airport in Mazar-E-Sharif.

The cooperation with Mr. Wedekind always proved to be open, purposeful and constructive. He was the contact partner for installation, operation and the trail operation time. It was always possible to work out solutions to existing problems in an uncomplicated manner.

The overall co-operation with Mr. Wedekind was always very successful. He always strived for the best results possible with his team.
